for its composition as well as for the release of substances which might endanger health.

Moreover, the migration of certain elements according to the

DIN EN 71, part 3 "Safety of Toys, Migration of Certain Elements", state of July 2013, was determined.

The thermal paper is in compliance with the rules of the

Regulation (EC) No 1935/2004 of the European Parliament and of the Council of 27 October 2004 on materials and articles intended to come into contact with food and repealing Directives 80/590/EEC and 89/109/EEC, Official Journal of the European Union L 338/4 of 13.11.2004, modified by app. no. 5.17 of the regulation (EC) No 596/2009 of 18 June 2009, Official Journal of the European Union L 188 of 18 July 2009, article 3,

as well as of the

Lebensmittel-, Bedarfsgegenstände- und Futtermittelgesetzbuch (Lebensmittel- und Futtermittelgesetzbuch - LFGB) in der Fassung der Bekanntmachung vom 3. Juni 2013 (BGBl. I S. 1426), zuletzt geändert durch Artikel 4 Absatz 20 des Gesetzes vom 7. August 2013 (BGBl. I S. 3154), §§ 30 und 31,

(Foodstuffs, Consumer Goods and Animal Feed Code (Foodstuffs and Animal Feed Code - LFGB) in the version of the notification of 3 June 2013 (BGBl. p. 1426), last amendment by article 4 section 20 of the law of 7 August 2013 (BGBl. I p. 3154), §§ 30 and 31).

Furthermore the thermal paper is in conformity with the demands of the

DIN EN 71, part 3 "Safety of Toys, Migration of Certain Elements", state of July 2013, concerning the migration of certain elements.

Thus the thermal paper grade 130 LSB according to the sample material submitted is physiologically and toxicologically safe if used according to its intended purpose. It may hence be used safely in printers and scales for the marking of goods. However, it may only stand in direct contact with such kind of foodstuffs which are washed, shelled and/or peeled before consumption according to experience.

This certificate of compliance represents the latest technical standard and is based on the certificate of compliance no. 32655 U 11 of 14 November 2011 in connection with a new partial examination of the product.
